- 400 watt motor/ 500 watt heating element
- 20 second drying time
- Low noise level 70dB(A) at 2m
- Flow airflow outlet – stream of air
- Smallest hand dryer in class – less than 10cm in depth
- Optimum performance/ energy consumption/ cost ratio
- Optional HEPA filter
- CE, IP23 rating and double insulated
- Electricity Supply 220/240V – 50/60Hz
- 3 Year Warranty

## Hand Dryer

Airflow are pleased to introduce one of the world's smallest hand dryers – the ecoDRY mini. The ecoDRY mini is ideal for washrooms where space is limited as it only protrudes less than 10cm from the wall when fitted. Taking a mere 20 seconds to dry one's hands, it consumes minimal energy and boasts an excellent performance/ energy consumption/ cost ratio making it the ideal choice for customers looking for an entry level hand dryer.

An optional HEPA filter protecting users from 99.997% of air bacteria is available – ensuring clean air on your hands at all times.

ecoDRY mini is another inspiring design Airflow is proud to have in their ecoDRY portfolio of hand dryers.

## Models

**White** ABS plastic

**Chrome** ABS plastic

## Technical Data
